Dear Herb,

I've been going to drop you a short note for some time now regarding your very informing letter on the national problems of DKA. I have spoken to Louis Goldstein and I think he understands.

Louis is doing a great deal toward making the DKA a very active organization on the Boston University Campus. Unfortunately the DKA Presidents of past years were rather weak sisters and the organization was going down hill rapidly. However, as you have already discovered Louis doesn't sit still for anything. He steps on a lot of toes now and then, but he has certainly brought Boston Univ Chapter back to life.

Incidentally if you know of any one who would fit the following qualifications and is looking for a change ofemployment, please have him (or her) contact me.

Masters Degree in Cinema
Specialist in Sound and Camera
Qualified to teach courses in above
Practical expereince desireable
Interest in teaching should be stressed

I am not free at this time to reveal the institution or the salary.

Sincerely

Homer.
